Howdy!

Just want you to know how very much we enjoyed our first trip in your beautiful "Overland Trail" today. God willing it will not be our last. We're already looking forward to next time. Everything today was wonderful from start to finish. What a humble experience it was to meet and listen to the Pearl Harbor Survivors and other Vets on board. Food was doubling delicious. Music-real special. We thank you for allowing us to take home some pretty awesome memories today. Looking forward to seeing you again soon.

Jim and Gretchen.

Debbie, Bill & Family,

Betty and I would like to thank you for the recent trip to San Diego. It was my third and Betty's first aboard your beautiful rail cars. The rest of our group (12) can't stop talking about the good time that they had.

Each trip gets better and better with all your additions and hard work.

We are looking forward to our next trip aboard one of your rail cars.

Happy Holidays

Betty DeSarno and Tom Schay

Dear Bill & Debbie:

We can't begin to tell you how much we enjoyed our day with you on August 14. Our travelers were so impressed and in addition to your looking good, you made us look good. The food and the presentation were outstanding. The two of you and your lovely daughter and very hospitable bar tender went the extra mile for each of us.

We will want to book the "Starlight Express" for our Summer Newsletter which covers May through August 2009. Also, I am most interested in the Pacific Northwest to coincide with the Rose Parade in Portland Oregon for late May – early June 2010. I know this is a little early; but I will need to start advertising it the end of January or first of February 2009. Can you furnish itinerary and prices that much in advance?

Again, our experience with you exceeded all of our expectations and we hope to work together again.

I am enclosing the newspaper article about the puppies Debbie and I talked about.

Sincerely,

A handwritten signature in cursive script that reads "Linda Hodge".

Linda Hodge
